6th Annual Jazz Foundation of America

A GREAT NIGHT IN HARLEM

May 17, 2007

Hosted by Bill Cosby

THE JAZZ FOUNDATION OF AMERICA Musicians' Emergency Fund

THE CAUSE

For 17 years the Jazz Foundation of America has been an organization at the forefront of providing emergency assistance and long-term support to veteran jazz and blues musicians across the country.

The disaster after Katrina left countless New Orleans musicians and their families unemployed, homeless and with their lives washed away. Before Katrina, the Jazz Foundation averaged 500 emergency musician cases a year. Since Katrina and the flood, working without pause, the small staff has now assisted more than 2,600 emergency cases providing housing, work, food and instruments and so much more. The JFA has become "Family" to hundreds of musicians in crisis. As always, by helping them ... "One musician at a time."

The 6th Annual GREAT NIGHT IN HARLEM

This year's concert: A History of the Music

Never before done on the stage of the Apollo:

A musical history from the beginning, up to the present.

African drums • Gospel • Duke Ellington Big Band • Early blues

The first jazz sounds • New Orleans piano by the master himself; Henry Butler and a surprise genius who will battle on stage with 2 pianos

Generations of music to follow with surprises and guests that promise to make this the most thrilling "Great Night" ever.
